# Supertyphoon coming

## Start praying but prepare and brace for the howler's worst

By Abner Raga-Jacobs R. Uy and Inquirer Bureau

**KNY PRAYERS, PREPARE AND BRACE FOR THE worst.**

With a more powerful storm approaching the country, officials yesterday issued the advice to the public to brace, prepare and evacuate areas exposed to risk from the super typhoon coming to Luzon, Manila Bay.

The weather office said Typhoon "Pepeng" (international name Rosa) is likely to hit the country in a significant way, the agency said. It could cause 10 to 15 deaths, it said. Very strong to typhoon force winds are expected, it said. The storm could cause 10 to 15 deaths, it said.

# AN APPEAL TO EVERYONE TO EXTEND MEDICAL /HEALTH ASSISTANCE TO TYPHOON ONDOY VICTIMS

The task of reaching all Typhoon Ondoy victims is a challenge that is too big for the government to address alone.

Today, there are an estimated number of more than 2.2 million individuals affected by the recent typhoon which has caused massive devastation, loss of lives and livelihood and great suffering for our countrymen.

Thousands of families were displaced and are now housed in 581 identified evacuation sites in the heavily affected regions of Metro Manila, Central Luzon and CALABARZON. To date, there are still many areas that remain unreached by relief operations.

In our desire to reach out to all the victims and augment government's assistance to the victims, the Department of Health (DOH) is appealing to all concerned and well-meaning individuals, corporations, civic and private organizations and local and international development partners to immediately extend health and medical assistance to Typhoon Ondoy victims.

**The DOH Health Emergency Relief Operations (DOH HERO) is in need of the following:**

- 1) Oral, topical, and intravenous antibiotics for children and adults
- 2) Antipyretics /analgesics
- 3) Oral rehydration solutions and Zinc
- 4) Anti-hypertensive, Anti-diabetes drugs
- 5) Intravenous fluids
- 6) Anti-tetanus serum, Tetanus toxoid and anti-measles vaccines
- 7) Multivitamins for children and adults
- 8) Ferrous Sulfate for mothers
- 9) Potable water
- 10) Chlorine tablets / granules / solutions
- 11) Hygiene Kits - Soaps and alcohol, toothbrush, toothpaste, baby diapers, sanitary napkins, cotton, betadine, gauze, tissue paper, ~~band-aids~~,
- 12) Portable toilets
- 13) Trash bags (green, black)
- 14) Volunteer medical teams
- 15) Volunteer health education teams
- 16) Wet nurses / sterilized donated breast milk

The DOH is the NDCC Cluster Lead for the provision of medical missions, medical supplies, water, sanitation, hygiene and psychosocial services for the disaster victims. This is for strictly purposes and to make sure that relief efforts are not duplicated and appropriately distributed to the most affected and needy areas.

Please coordinate with the **DOH Health Emergency Management Staff (DOH-HEMS)** at **DOH Hotlines 771-1001 or 771-1002**. DOH-HEMS will receive your calls 24/7 and provide you with guidance on where to target your assistance.

An Appeal from the Department of Health  
**Sec. DUQUE**

## Climate change seen behind sharp fall in fish catch

**By Thomas L. Friedman**  
WASHINGTON  
A sharp decline in fish catches in the North Atlantic is being attributed to climate change, according to a new report from the U.S. National Oceanic and Atmospheric Administration (NOAA). The report states that the decline is likely due to a combination of factors, including overfishing and the effects of global warming on ocean temperatures and currents.

Fishermen in the North Atlantic are reporting a sharp decline in catches.

# Lakeshore towns still mired in misery

By Michael Lim-Abay

LAKEVIEW, Laguna, Sept. 19 (PNA) — Lakeshore towns in Laguna and Cavite are still mired in misery, with many families still struggling to rebuild their lives after the devastation of Tropical Storm Ondoy.

Many families are still struggling to rebuild their lives after the devastation of Tropical Storm Ondoy. The towns are still mired in misery, with many families still struggling to rebuild their lives.

The towns are still mired in misery, with many families still struggling to rebuild their lives after the devastation of Tropical Storm Ondoy. The towns are still mired in misery, with many families still struggling to rebuild their lives.

Figure 1 consists of two panels, (a) and (b), showing growth curves of *E. coli* at different temperatures. The x-axis for both panels is 'Time (h)' ranging from 0 to 100. The y-axis is 'OD' (Optical Density) ranging from 0 to 1.0. Panel (a) shows growth curves at 10, 20, 30, and 40°C. Panel (b) shows growth curves at 10, 20, 30, and 40°C. The growth curves show that the growth rate of *E. coli* increases with temperature, with the highest growth rate observed at 40°C.

# Pacman's timing still off, but not to worry—Roach

*Arum says Manny in for hardest fight ever*

By Bruce W. Bennett

PHILADELPHIA (AP) — Manny Pacquiao's timing was off, but not to worry, according to trainer Freddie Roach. The 26-year-old Pacquiao, who is 5-foot-6, 130 pounds, is scheduled to fight Oscar De La Hoya on Oct. 10 in Las Vegas. Roach says Pacquiao's timing was off because he was not used to the pressure of a professional fight. He says Pacquiao's timing will be better in the future.

Pacquiao (left) and Roach (right) in a training session.

Roach says Pacquiao's timing was off because he was not used to the pressure of a professional fight. He says Pacquiao's timing will be better in the future.

# Phillies clinch 3rd straight National League East title

PHILADELPHIA — The Philadelphia Phillies clinched the National League East title for the third straight year on Monday night, defeating the New York Mets 4-1. The win secured the franchise's 11th division title and a berth in the National League playoffs. The Phillies' victory was a testament to their consistent performance throughout the season, as they finished with a record of 97 wins and 65 losses. The Mets, on the other hand, finished with a record of 77 wins and 85 losses. The Phillies' clinching win came in a game where they dominated from start to finish, with a strong pitching performance from their ace. The Mets' offense was stifled throughout the game, leading to their defeat. The Phillies' victory marks a significant milestone for the franchise, as they have now won the division title in three consecutive seasons. This achievement is a testament to the team's resilience and the leadership of their manager. The Phillies will now look to build on their success in the playoffs, with the goal of winning the World Series. The Mets, meanwhile, will have to settle for a wild-card spot in the playoffs. The rivalry between the two teams is one of the most intense in baseball, and this season's playoff matchup is expected to be a thrilling contest. Fans of both teams will be watching closely as the Phillies and Mets battle it out in the postseason.

PHILADELPHIA PHILLIES celebrate their 11th National League East title.

## PAN PACIFIC OPEN

# Sharapova-Jankovic final collision looms

PHILADELPHIA — Maria Sharapova and Jelena Jankovic are set to meet in the final of the Pan Pacific Open tennis tournament on Monday. The match is expected to be a highly competitive one, as both players are in excellent form. Sharapova, the world number one, has won the tournament in previous years and is looking to defend her title. Jankovic, the world number two, has also been a strong contender in the tournament. The match is scheduled for 8 p.m. local time. Fans are expected to flock to the stadium to watch the final. The tournament is one of the most prestigious in the world, and the final is always a highlight of the event. The match is expected to be a closely contested one, with both players having the potential to win. The winner of the final will earn a significant prize and a spot in the WTA Finals. The match is also expected to be a key moment in the careers of both players. Sharapova and Jankovic have both been dominant forces in women's tennis in recent years, and their clash in the final is a must-watch for fans of the sport. The match is also expected to be a test of their mental and physical strength, as they will be playing at a high level for several hours. The match is expected to be a thrilling one, with both players having the potential to win. The winner of the final will be crowned the champion of the Pan Pacific Open and will earn a significant prize. The match is also expected to be a key moment in the careers of both players. Sharapova and Jankovic have both been dominant forces in women's tennis in recent years, and their clash in the final is a must-watch for fans of the sport.

## Nadal joins China Open

Nadal

PHILADELPHIA — Rafael Nadal is set to join the China Open tennis tournament on Monday. The tournament is one of the most prestigious in the world, and Nadal's participation is a major draw. Nadal, the world number one, has won the tournament in previous years and is looking to defend his title. The tournament is scheduled for 8 p.m. local time. Fans are expected to flock to the stadium to watch the match. The tournament is one of the most prestigious in the world, and the final is always a highlight of the event. The match is expected to be a closely contested one, with both players having the potential to win. The winner of the final will earn a significant prize and a spot in the WTA Finals. ## \$250-M bond float eyed for relief work

By Michael A. Sison

The Philippine Daily Inquirer is planning to float a \$250-million bond to help fund relief work in the aftermath of the 2009 typhoon season. The bond will be used to finance the construction of disaster relief facilities, including shelters, medical centers, and distribution centers for relief supplies. The bond will be issued by the Philippine Daily Inquirer, Inc. and will be guaranteed by the Philippine Daily Inquirer, Inc. The bond will be sold to investors in the United States and will be denominated in US dollars. The bond will have a maturity of 10 years and will have a coupon rate of 6.5 percent. The bond will be sold to investors in the United States and will be denominated in US dollars. The bond will have a maturity of 10 years and will have a coupon rate of 6.5 percent.

# HR solutions firm expanding in RP

**By Alan A. Lim**  
**Manila** — Human Resources Solutions Inc. (HRS) is expanding its operations in the Philippines, with a focus on the services sector. The company, which is a subsidiary of the US-based HRS Group, is currently looking for qualified professionals to join its team. HRS is a leading provider of HR solutions, including recruitment, training, and consulting services. The company has a strong track record of success in the US and is now looking to replicate that success in the Philippines. HRS is currently looking for individuals with a minimum of five years of experience in HR. The company is also looking for individuals who are passionate about HR and who are willing to take on challenges. If you are interested in joining the HRS team, please contact us at [hr@hrgroup.com](mailto:hr@hrgroup.com).

# PSALM gets paid for Tiwi-Makban

**DMT seen awarding a hydro power deals**

**Manila** — The Department of Mines and Geology (DMG) is expected to award a hydro power deal to the Philippine Solar and Light Management (PSALM) for the Tiwi-Makban area. The deal is worth \$10 million and is expected to be awarded in the next few months. PSALM is a private company that is focused on developing renewable energy projects in the Philippines. The company has a strong track record of success in the US and is now looking to replicate that success in the Philippines. The deal is expected to be a significant boost for PSALM and for the renewable energy sector in the Philippines.

**AP Renewables portfolio includes accrued interest**

**By Alan A. Lim**  
**Manila** — The American Petroleum Institute (API) is expected to award a hydro power deal to the Philippine Solar and Light Management (PSALM) for the Tiwi-Makban area. The deal is worth \$10 million and is expected to be awarded in the next few months. PSALM is a private company that is focused on developing renewable energy projects in the Philippines. The company has a strong track record of success in the US and is now looking to replicate that success in the Philippines. The deal is expected to be a significant boost for PSALM and for the renewable energy sector in the Philippines.

# Ondoy's significance for the farmers

**By Dennis P. Lim**  
**Manila** — The significance of the Ondoy case for the farmers is a topic that has been discussed in the media. The case involves a dispute between the farmers and the government over the use of land. The farmers claim that the government is using the land for a purpose that is not in their best interests. The government claims that the land is needed for a public purpose. The case is currently being heard by the courts. The outcome of the case will have a significant impact on the farmers and on the government's policy on land use.

# FEL putting up campus in Makati

**By Dennis P. Lim**  
**Manila** — The Federation of Labor Unions (FEL) is putting up a new campus in Makati. The campus is expected to be completed in the next few months. The campus will be a state-of-the-art facility that will provide a high-quality education for the students. The FEL is a leading labor union in the Philippines and is committed to providing the best possible education for its members. The new campus is a testament to the FEL's commitment to education and to its members.

Figure 1 is a 3D bar chart showing the distribution of the number of children per woman by country and sex. The Y-axis represents the number of children (0 to 10). The X-axis represents the sex (Male and Female). The Z-axis represents the country (USA, Mexico, and India). The chart shows that in the USA, the distribution is relatively even across all numbers of children. In Mexico, there is a slight peak at 2 children. In India, there is a significant peak at 1 child, especially for females.

Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair and views the target through a video camera. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target.

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

**Fig. 1.** *Staphylococcus aureus* strains used in this study.

**Abstract**

1. *Staphylococcus aureus* (10<sup>8</sup> CFU/ml)  
 2. *Escherichia coli* (10<sup>8</sup> CFU/ml)  
 3. *Salmonella enteritidis* (10<sup>8</sup> CFU/ml)  
 4. *Shigella flexneri* (10<sup>8</sup> CFU/ml)  
 5. *Yersinia enterocolitica* (10<sup>8</sup> CFU/ml)  
 6. *Legionella pneumophila* (10<sup>8</sup> CFU/ml)  
 7. *Campylobacter jejuni* (10<sup>8</sup> CFU/ml)  
 8. *Acinetobacter baumannii* (10<sup>8</sup> CFU/ml)  
 9. *Pseudomonas aeruginosa* (10<sup>8</sup> CFU/ml)  
 10. *Klebsiella pneumoniae* (10<sup>8</sup> CFU/ml)  
 11. *Enterobacter coli* (10<sup>8</sup> CFU/ml)  
 12. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 13. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 14. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 15. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 16. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 17. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 18. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 19. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 20. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 21. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 22. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 23. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 24. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 25. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 26. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 27. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 28. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 29. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 30. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 31. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 32. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 33. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 34. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 35. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 36. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 37. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)  
 38. *Enterobacter gergelyi* (10<sup>8</sup> CFU/ml)  
 39. *Enterobacter sakazakii* (10<sup>8</sup> CFU/ml)  
 40. *Enterobacter cloacae* (10<sup>8</sup> CFU/ml)  
 41. *Enterobacter aerogenes* (10<sup>8</sup> CFU/ml)
